WARRANT
THE STATE OF NEW HAMPSHIRE
SULLIVAN, SS TOWN OF PLAINFIELD

To the inhabitants of the Town of Plainfield, in said County of Sullivan in said State, qualified to vote in Town affairs.

You are hereby notified to meet at the Plainfield School Gymnasium on Tuesday, the ninth day of March next, at 10 o'clock in the forenoon to act upon the following subjects:

ARTICLE I. To choose by ballot one Selectman for 3 years, one Selectman for 1 year, one Tax Collector for 3 years, one Trustee of Trust Funds for 3 years, one Auditor for 2 years, two Library Trustees for 3 years and any other necessary Town Officers.

ARTICLE II. To see if the Town will vote to adopt the Refuse Disposal Ordinance:

AN ORDINANCE
REFUSE DISPOSAL

BE IT ORDAINED BY THE PEOPLE OF THE TOWN OF PLAINFIELD THAT:

Section 1. TITLE. This ordinance shall be known and may be cited as the Town of Plainfield Refuse Disposal Ordinance.

Section 2. ACTS PROHIBITED. No person shall place, deposit, dispose of, store, accumulate, or allow to be placed, stored, deposited, disposed of or accumulated, any rubbish, refuse, garbage, scrap, waste or junked and/or dismantled machinery, equipment, furniture, fixtures, appliances, automobiles, or any part or parts thereof, upon any property, whether owned by such person or not, within the Town of Plainfield, except if contained entirely within a building or enclosed structure or except in proper containers designed for collection of such material or except within a junkyeard located in conformance with the Town of Plainfield Zoning Ordinance and licensed under RSA 249-B or within a dump or sanitary landfill operated by or for the Town of Plainfield.

Any accumulation of rubbish, refuse, garbage, scrap, waste or junked and/or dismantled machinery, equipment, furniture, fixtures, appliances, automobiles, or any part or parts thereof, on any premises other than licensed junkyards or authorized dumps or landfills is a nuisance and is declared to be detrimental to the health and safety of the public.

Any person who shall own, occupy or control any property upon which there exists an accumulation of rubbish, refuse, garbage, scrap, waste or junked and/or dismantled machinery, equipment, furniture, fixtures, appliances, automobiles, or any part or parts thereof, on the effective date of this Ordinance shall remove the same within one hundred eighty (180) days after the effective date of this Ordinance, or such person shall be deemed in violation of this Ordinance.

Section 3. COLLECTION BY TOWN. Any person who shall have accumulated, within any building within the Town of Plainfield, any scrap, waste or junked and/or dismantled machinery, equipment, furniture, fixtures, appliances, automobiles, or any part or parts thereof, and who shall desire to dispose of the same, shall be responsible to collect, convey and dispose of the same either within a licensed junkyard or within a dump or sanitary landfill authorized by the Town of Plainfield. The Town of Plainfield may from time to time convey and dispose of such refuse, rubbish and garbage accumulated and collected in approved or authorized containers.Nothing contained herein shall be construed to require the actual producer of rubbish, refuse or garbage to be disposed or the owners of the premises upon which rubbish, refuse or garbage has accumulated to personally convey and dispose of such refuse for so long as the Town of Plainfield shall provide such service, provided such producers or owners comply with the provisions of this Ordinance relating to providing and using proper containers.

Section 4. REFUSE CONTAINERS. The owner, tenant, lessee or occupant of the premises shall be responsible to provide appropriate containers for the accumulation of all rubbish, refuse and garbage and shall be responsible to maintain such containers in good and sanitary condition. Any container that does not conform to the provisions of this Ordinance or that may have any other defect which is liable to hamper or injure the person collecting the contents thereof shall be promptly replaced upon notice. If the containers are not maintained in good condition or promptly replaced, the Town of Plainfield may refuse collection services for failure to comply herewith, but the Town's refusal shall not consitute a defense to violations of this Ordinance for the unauthorized accumulation of such rubbish, refuse or garbage.

Section 5. PENALTY. Whoever shall violate this Ordinance shall, upon conviction pay a fine of not more than One Hundred Dollars ($100.00). Each day that such violation shall continue unabated shall constitute a separate offense.

Section 6. DEFINITIONS. "Garbage" is putrescible animal and vegetable waste resulting from the handling, preparation, cooking and consumption of food.

"Refuse" is all putrescible solid waste (except body waste), rubbish all non-putrescible solid waste.

"Scrap" means all solid metal, cloth, paper, dismantled or unusable product of any kind.

"Waste" means discardable liquid or viscous material.

Any question arising about the definition of terms contained herein shall be resolved by reference to RSA 147:24 and RSA 249-B.

Section 7. This ordinance shall take effect upon its passage by majority vote of the Town of Plainfield at its annual meeting on March 9, 1982.

SELECTMEN'S REPORT

1981 Review

PERSONNEL

Don Burnett, who was elected to the two year term as Selectman in March 1981, found it necessary to resign at the end of Novemeber due to frequent out-of-town travel required in his business.

Alex Cherington, Zoning Administrator, since early in 1978, resigned in December in order to devote more time to his family and business.

We regret the loss of these dedicated and capable gentlemen, from their posts, and take this opportunity to thank them again for their good work.

Among the several appointments made to offices and committees were: Benjamin Judy to Selectman, Timothy Crotts to Chief-of-Police, and Donald Jordan to Zoning Adminstrator.

Buildings

The work begun in 1980 on the Meriden Town Hall foundation was completed mid summer.

A new firing unit was installed in the furnace in the Plainfield Town Hall, also wiring corrections costing $800. were made in the building, for safety reasons.

Highways

The arch type culvert/bridge purchased in 1980 was installed on Westgate Road, a culvert/bridge on Penniman Road, and the Jordan Lane Bridge was quite thoroughly rebuilt.

The air compressor acquired in 1981 saw much use in the sand-blasting and sealing of structural steel members of the older town bridges.

The new dump truck went into service in December.

The use of road salt continues to be carefully restricted in Plainfield, a policy being adopted in many other towns and states.

A minimum amount of salt is added to the stockpile of winter sand to prevent it from freezing, and spot-salting is done with the pick-up spreader in critical areas where sand or other means of ice removal won't provide for cautiously safe travel.

Taxes

Actual expenditures amounted to 91.5% of the proposed operating budgets for 1981, however, revenues, exclusive of property taxes, dropped to 85.6% of the budget estimate, requiring a higher tax rate than had been anticipated.

Continuing inflation has required cost-of-living pay raise considerations for our full time employees.

We have budgeted an 8% wage increase for hourly highway crew employees.

The 1981 tax rate has created a surplus carry-over higher by $35,000. than the carry-over from 1980 to 1981, which together with an anticipated increased shortfall of $3,000, revenues from appropriations, results in a net reduction of $32,000 of taxes required for the municipality in 1982. The indicated reduction of $32,000., if realized, has the potential of reducing the municipal tax rate by 14% from the 1981 rate.

Based on data now available, an overall increase of about 4% in the combined Town, School and County 1981 tax rate is probable.

The current adjusted grand taxable list will provide $10,000. of revenue at a rate of $.033 per $100.

The Towns' full value (assessed) has increased by approximately $1,700,000. since 1979, however $1,400,000. of that growth has been offset by added exemptions granted in the current-land-use program, exemptions to the elderly, etc. resulting in a net tax base growth of but $300,000 for the period.

This Board continues to welcome constructive input, from any and all sources, that will make it possible to provide the services required by the people of Plainfield, most efficiently and/or least costly.

We appreciate and thank all members of the community who have been cooperative and supportive of our efforts in the interests of the Town.

FINANCE COMMITTEE REPORT

The Finance Committee met with the Selectmen three times during the year. The Town Budget was reviewed in detail at each meeting which was then followed by a discussion of the changing status of the town's revenue sources. 1981 was a year in which the town experienced significant cut backs in state and federal funding.

In the fall, the Committee met with the School Board and reviewed the current budget in detail. Members of the Committee attended School Board Budget meetings and the Budget Hearing in January 1982.

REPORT OF COMMISSIONERS MERIDEN VILLAGE WATER DISTRICT

The Meriden Village Water District supplied the community and Kimball Union Academy with good quality and quantity of water this past year. Maintenance expenses were higher than anticipated due to pump repairs at the well, and capital investments of a remote pressure control and a compressor installed at the Bonner Road pressure tank.

Work has progressed rapidly during the construction phase of the wastewater treatment facilities. Contract I - Treatment Plant is approximately 75% complete, and Contract II - Sewer Pipelines is approximately 95% complete. Final completion of the facility is around May 1, 1982; with start-up of the system and treatment plant shortly thereafter.

The Commissioners wish to thank everyone for their cooperation and patience for any inconveniences due to the sewer construction this past year.

Respectfully submitted,
Jeffrey S. Allbright

REPORT OF THE PLANNING BOARD

Although there were fewer applications for subdivision in 1981 than in other recent years, a number of changes in the law at State level kept the Planning Board quite busy throughout the year. The Board continued to hold regular meetings in the Plainfield School at 7:00 p.m. on the third Monday of each month. In addition, various subcommittees met on three other occasions.

The year's activities included 11 public hearings for minor subdivisions, all of which were subsequently approved. There were no applications for major subdivision this year. A total of 16 new lots were created in town in 1981. The Board also corresponded with the ZBA on at least 11 occasions regarding a variety of special exceptions, variances and appeals.

Recently there have been substantial changes in New Hampshire statutes covering Earth Excavations, Mobile Homes and Manufactured Housing and in the Procedures of Application and Review of Subdivisions. These changes required considerable effort by the Board to review the present ordinances to assure consistency with the new State regulations. Many of the required changes will be apparent in the amendments to the Zoning Ordinance, which we hope to have ready for Town Meeting, and in the proposed amendments to the Subdivision Regulations. Ultimately the Application and Review procedure for subdivisions will become more formal and there will be a greater standardization of procedures throughout the State.

In order for the Plainfield Board to keep in touch with regional planning matters, several members continue to serve in related capacities outside the community. Board member Beatrice Clark presently serves as a Plainfield representative to the Upper Valley-Lake Sunapee Regional Council along with Lawrence Kelly. Members Joe Longacre and Jay Waldner also remain active in the Regional Committee of Planning Board Members.

The Board welcomed the selectmen's reappointment of Joe Longacre for another term of service.

The Board appointed Ronald Belyea as their engineering representative to make on-site inspections during construction of the Penniman Hills Association road project. We would like to take this opportunity to thank him for his continuing expertise and diligence in this matter.

REPORT OF THE PLAINFIELD CONSERVATION COMMISSION—1981

The Conservation Commission had an active year in which several annual projects were continued and some new ones initiated.

The 5th Annual Clean-up Day was held on April 25th. While satisfactory with the small group that did participate, we still need to get more help from our townspeople. Please try to plan to help in this worthwhile project in'82. The Commission thanks those who did participate.

Once again the Commission provided scholarships for two students to attend the Youth Conservation Camp. Robert LaFlam and Jason Hodges attended this year and found the experience well worthwhile. Through this medium we are trying to have our future leaders and citizens more conservation conscious.

The graduating class of 1981 planted a tree on the school property with the help of Margaret Meyette and Longacre's Nursery. This is an annual happening to continue until completion of the original plans for the school landscaping.

Thanksgiving morning was the scene of the 4th Annual Turkey Trot—a fun run from the Plainfield School to the Plainfield Fire Station. Twenty-six runners participated this year and enjoyed themselves thoroughly.

The Cross-Country Ski Run on the conservation land was not held due to lack of snow cover—but we are hopeful of conducting it sometime in'82.

The conservation land on Columbus-Jordan Road was studied by a Dartmouth student who made a plan for a self guiding nature trail. We hope to implement her plans for the trail. The Commission is most interested in hearing from town residents on any suggestions they might have or how to make best use of the land.

Much time was spent on efforts to acquire another piece of land more accessable from the Plainfield Village. No definite decision has been made as yet but we are studying and acquiring answers to all questions pro and con.

The revised edition of the Plainfield Town Map is still available at the Town office at a cost of .50. The Conservation Commission would like to remind townspeople that "Conservation is Everyones Business" and it is our role to promote conservation and save the natural resources of Plainfield. We are able to advise landowners of Conservation Agreements and are able to accept gifts of land and/or money to be used for conservation purposes. If you have any suggestions, ideas or questions feel free to contact any member of the Conservation Commission.

REPORT OF REPRESENTATIVE SARA M. TOWNSEND REPRESENTATIVE TO THE NEW HAMPSHIRE GENERAL COURT

The dominant theme in this last session was "Sunset", and our committee had the biggest amount of work in that area. We had to review ALL of the regulatory boards to see whether they should be reinstated, combined, or sunsetted. My sixth one was a busy session for me. As the Legislature has become more sophisticated it has begun to take a hard look at the creation of "boards" to regulate certain professions, since usually it is the profession which comes in and asks for regulation "to protect the public". Studies have shown that every time another regulatory board is set up with its accompanying bureaucracy, it is the consumer who pays. The public has not cried out for protection, and we have noted that quite often the stimulus for regulation, especially from the health-related professions, comes from insurance reimbursement to practitioners. The lobbying gets intense, and it is not easy to withstand it. Now we find the health-related professions grouping together to aid one another in achieving insurance reimbursement; health costs are astronomical already, and getting worse.

The Speaker of the House, John Tucker of Claremont, appointed me as Majority Whip, an honor which pleased me greatly, but added to my work on the floor. I also served on the Rules committee, Legislative Administration, State-Federal Relations as well as my usual spot as Vice-Chairman of the Executive Departments and Administration Committee.

In addition to my state duties, I was appointed to chair the sub-committee on Aging of the National Conference of State Legislatures. This task took me to various places around the country and to meetings with other people in the field of aging. To chair a seminar at the National Conference is quite awesome. It also means homework.

As a result of a study which I was deeply involved in, on the subject of licensing and regulation of professions here in New Hampshire, I was chosen to serve with seven other persons from various fields of endeavor on the Board of Directors of a National Clearing House for Licensing, Enforcement and Regulation.

The State of New Hampshire is still skirting on the edge of financial chaos, passing on costs of services to towns and cities and in general trying to avoid doing what I feel is the responsible thing to do. That is to enact a fair base for raising revenue. The days of depending on snow, sin-taxes, and over-burdening the business community are about over. I believe that it is high time more of our citizens shared in paying for services. I have always supported an income tax for N.H. as being the easiest to collect, the most related to ability to pay as well as being the most flexible tax; plus the fact that the state would not have to share with gamblers, liquor brokers, race-track owners etc, but could get all the money, and the legislature could decide what to do with it. I think that sending a certain amount back to the municipalities ought to be written in and dedicated. We could do away with the discriminatory interest and dividends tax, the resident tax and reduce the business profits tax to begin with. I am no longer a "voice crying in the wilderness" on this issue.

This special session being held as I write will deal with the reapportionment of districts for Congressmen, Executive Councilors, State Senators, and Representatives as is the custom every 10 years. The new number is 2300 persons per representative to the House. The committee which has made the recommendations upon which we shall vote has placed Plainfield, Grantham, Cornish and Springfield into one district, tentatively, with two representatives. This is quite a change for our town. It also means that campaigning will take on a different tone! Perhaps towns will have more incentive to form party caucuses in the future.

When I can be of service in any way, please call on me. I have all kinds of information on legislation passed, state agency numbers, educational studies etc. In fact, papers seem to take up much of our house.

The Town of Plainfield saw a major increase in the more serious crimes in the year 1981, but due to the citizens of the town being aware of what is happening around them and the willingness to become involved, this type of crime was prevented and with everyones help this type of crime can continue to be prevented. Please report any crime or suspicious actions to the police department at the following number, 643-2222, your help is needed so that the service you desire can be obtained.

All members of the police department now must be certified by the State of New Hampshire Police Standards and Training Council by attending a 34 hour school which is held in different locations through out the state. With this type of training the members of the department will be able to serve your needs in the best way possible.

At this time I would like to thank the people of the Town of Plainfield for your support of the police department, and of me as your new Chief. I would also like to thank David Yendell, John Nugent, Bruce Plummer and Robert Orr for the time and effort each puts into making this department work, and to the Board of Selectmen for the support that they have given to myself and to the department.

A special thanks to Dorothy McNamara for her time and effort that she has given the Police Department through out the year.

Respectfully submitted,
Timothy J. Crotts
Chief of Police

WELFARE REPORT

Of the $7,538.00 spent on General Welfare this year, $645.26 was refunded by Sullivan County and $25.00 by an individual who had received assistance.

We must be prepared to assist the needy. Guidance is given to those who are eligible, for applying for food stamps, energy assistance etc. Before vouchers are issued, a complete screening is done to assess the applicants needs and resources.

The elderly are served through this appropriation by a generous amount going to the Senior Center in Lebanon and to Wheels Around Windsor.

Dorothy McNamara,
Welfare Director

RECREATION DEPARTMENT

Again this past summer, we sponsored a very successful summer recreation program. The program ran for six weeks, with an average daily attendance of 40 children. The program took place at Singing Hills on Stage Road.

We also sponsored summer baseball in Plainfield. We had 3 Tee-ball teams, 3 Little League teams and 1 Babe Ruth team, with 90 to 100 children participating.

REPORT OF THE NURSING SERVICE

The Town of Plainfield continues to receive its nursing care and preventive health services through the Lebanon Area Health Council, Inc. Your Selectmen have contracted with the Council for this service on a per capita residency fee of $2.45. The total Town cost for 1981 was $4,130.72.

Recently two additional Plainfield residents have been elected to the Lebanon Area Health Council's board of directors, Sara Townsend and Gregory Marshall. Your present representative welcomes them and looks forward to their wise counsel.

During 1981 our town was supplied with 228 skilled nursing visits. Residents over 65 years of age received 175 visits while those under that age required 53 visits.

Physical therapy is also supplied with 92 visits made to persons over 65 and 12 to those under 65.

This same agency provides us with Homemaker and Home Health Aid Care. Nine of their Plainfield clients over seventy-five and three under that age were cared for and therefore able to be maintained in their own home during severe illnesses.

The statistics that follow show how our residents utilize the service supplied by the Lebanon Area Health Council, Inc.

January 1981 thru December 1981

Nursing	228
Physical Therapy	104
Well Child Clinic	18
Dental Clinic	7
Homemaker Units	336
Health Aide Hours	127.75
WIC Program	
Women	6
Infants	4
Children	24

It is again obvious that this service is not only needed but used by citizens in our town of Plainfield. Information regarding any of the above services can be secured by telephone. (448-1597)

REPORT OF THE COMMITTEE FOR ELDERLY HOUSING

A committee appointed by the selectmen has studied the potential for providing senior citizen housing in the town. This committee has explored three approaches to housing developmnt:

1) the construction of apartment units by a private developer;
2) the construction of apartment units by a non-profit corporation using federal loans;
3) the construction of apartment units or the renovation of an existing structure by a cooperative of Town residents.

The committee has met with persons experienced in each of these approaches to housing development.

The committe believes that the people of the Town would best be served by seeking to provide housing by the cooperative approach and has sought the advice of William Batko of Northern Cooperative Resources, Montpelier, VT, to determine the best means to begin such a cooperative venture in Plainfield. In 1982 the committee will hold public meetings to determine the interest of Town residents in undertaking a cooperative venture to provide housing for the elderly. The committee is inquiring into the possibility of purchasing either land or an existing building for renovation and invites the interest and cooperation of the residents of Plainfield.

We recommend to the selectmen and the Town that this committee be reappointed until a formal report is submitted and a development corporation formed.

REPORT OF THE PLAINFIELD/KIMBALL UNION ACADEMY TAX STUDY COMMITTEE

Your committee recommends that the town continue to grant KUA an exemption based on the educational services KUA provides for the town, but that instead of reimbursing KUA by this means for 100% of these services provided, as in former years, the Town of Plainfield will reimburse KUA for only 60% of these educational services. The remaining 40% of the cost of educational services provided by KUA, but not reimbursed by the Town through tax exemption, would represent payment to the Town of Plainfield out of KUA resources to cover core town services of highways and bridges, rubbish removal, police and fire protection.

The committee believes that communication between the town and KUA has produced workable formula which will be reviewed by a committee appointed by the Selectmen on an annual basis.

The committee wishes to express thanks to chairperson Audrey Logan for her hours of organization and leadership for this vehicle of communication between the Town and KUA.

REPORT OF DARTMOUTH-LAKE SUNAPEE REGION ASSOCIATION

The Officers and Board of Directors of the Dartmouth-Lake Sunapee Region Association (DLSRA) extend a sincere thanks to the people of Plainfield for their appropriation at the 1981 Town Meeting.

These funds were used effectively in tested and proven methods to promote vacation travel to this region. In addition to producing and distributing 75,000 copies of the color-covered vacaton brochure, DLSRA mailed nearly 4,000 Vacation Kits to people who wrote our office, handled several hundred phone inquiries, prepared several news releases and feature stories for over 90 travel editors throughout the East and again offered a unique theatre/lodging/dining discount for summer arts enthusiasts.

DLSRA believes that all businesses, not only inns and restaurants, benefit from a healthy vacation economy.

This year promises to be more challenging than last and we would sincerely appreciate your continued support.

PHILIP READ MEMORIAL LIBRARY TRUSTEES REPORT

The Trustees and librarian wish to publicly thank Mrs. Lucia Read Bryant for her generous endowment of a $5,000 trust fund, the interest from which will be used to purchase books.

Thanks also to: The Friends of the Library for donating a tape player and several children's book-cassettes for use in the library; Joann Longacre for hosting a crafts party to benefit the library; Diane Rogers and Sharman Wilder for planning and organizing Plainfield Community Auditions, a standing-room only talent show which was a huge success; Hazel Amidon for continuing to coordinate the Wednesday night volunteers; and librarian Nancy Norwalk.

How many words can you make from the letters in Philip Read Memorial Library? Adult winner Marty Gradijan found 998 and children's winner Matt Perron came up with over 600 in a contest to commemorate National Library Week. The annual pumpkin carving contest winners were Ken Norwalk and Timmy Longacre. Ruth Wheeler spearheaded the creation of the library's trophy-winning 4th of July parade float--a model of the famous Plainfield Puffer. "The Great Ice Cream Con Game" was the theme of the children's 6-week summer reading program. Top readers were Meredith Stone (29), Kevin Stalker (24), and Shawn Stalker (23). Participants who read at least 4 books were invited to an all-you-can-eat ice cream party.

Free children's films on the 2nd Friday of each month continue to be popular. Adult film programs included "Rural America," portions of which were filmed in Plainfield; "NH Writers and the Small Town" with speaker discussion; and a slide show and speaker on China. Total film attendance was 538. The library also co-sponsored the Plainfield Oral History slide show and purchased a copy of the transcript of the Oral History tapes.

Building maintenance included having 16 large and 8 small windows glazed, painting the addition and all outside trim, replacing one window, and minor roof repairs. Several interior improvements are planned for 1982.

Librarian and Trustees attended many State Library meetings, book-buying co-op meetings, and children's book festivals in Hanover and Keene.

532 books were added this year, circulation was 4,472 with 157 loaned to Meriden and Claremont libraries, and the library has begun a large print loan program with the Claremont Library.

Library hours are Wednesday evenings 7-9, Friday afternoons 1-5, Saturday mornings 9-12.

UPPER VALLEY LAKE SUNAPEE COUNCIL

1981 Report
for
TOWN OF PLAINFIELD

The Upper Valley-Lake Sunapee Council is a public agency with local voluntary membership and local financial support as its base. Its main purpose is to provide unbiased professional assistance to member communities concerning issues of local, regional, state or national importance. NO OTHER AGENCY IS SET UP TO ASSUME THIS ROLE. The Council does not undertake any regulatory activity whatsoever. The current staff of four has had professional experience in local and regional planning and government in seven different states and holds three bachelor's degrees, two master's degrees, and one juris doctorate. The Council offers expertise in growth management, land use and planning law, historic preservation, community development, subdivision regulation, zoning, local ordinance preparation, economic development, development design, and solid waste management, among others.

During the last year, the Council has provided, in co-operation with the Sullivan County Engineer, a suggested format for bringing the Plainfield Subdivision Regulations into compliance with new State statutes, reviewed potential LANDMARK development impact on the Town, chaired the Lebanon Airport Citizens' Advisory Committee which is measuring the potential impacts on surrounding towns, and is assisting the Montshire Public Service Science Center in preparing a locally useful means of measuring local development impact. The Council has begun preparation of a regional Economic Base Study which will help strengthen local economic bases.

Plainfield's two representatives on the Council Board of Directors are Beatrice Clark and Lawrence Kelly.

REPORT OF THE MERIDEN LIBRARY TRUSTEES

The library has completed several projects this year. The transcription of the oral history tapes is the major accomplishment. The original oral history tapes were recorded in 1975-76 and sponsored by the Friends of the Meriden Library, working with a grant from the New Hampshire Council for the Humanities. The transcription was also sponsored by this library and made possible by funds donated in memory of Elizabeth Hulburd, Ruth Rogers, Guido Rosa, Myrtle Tandy and William Wildey. Copies were made and are available at Philip Read Memorial Library, Plainfield School and the Meriden Library. The cassettes and tape recorder are available at both libraries for six months each. The Friends of the libraries and the Historical Society presented the oral history program at Fitch Auditorium at Kimball Union Academy in September.

Funds from the Meriden Library Association made it possible to install electric baseboard heat and new flourescent lighting in the Miller Room. Weather stripping and extra insulation above the main floor were also installed for added energy-saving improvements.

The Large Print Book collection has been expanded and includes popular titles. A classical record collection, which is owned by the Libraries of the Upper Valley, is being housed in the library. The Chellis Memorial showcase continues to be filled with many interesting memorablia and collections from Meriden residence. These displays often overflow into the library filling the walls with local talent. Movies are shown each month for the Kindergarden and Plainfield school children. The corn roast at Chellis Field in August was the usual success.

The library has been awarded a certificate this year to recognize our meeting the qualifications set up by the State of New Hampshire.

The library hours are: Monday 2-8, Tuesday 2-5, Thursday 2-6, and Saturday 10-12.

Respectfully submitted,
Margaret Soper
Martha Ruelke
Susan Carver

REPORT OF THE PLAINFIELD VOLUNTEER FIRE DEPARTMENT

On July 4th, we held an open house for residents to view our new addition and equipment. We also had a dedication cermony for the Hector Dunham Memorial Plaque, commemorating deceased firemen, given in his memory by his family and friends. We are grateful to the Dunham family.

Our acquisitions for equipment for 1981 are highlighted as follows:

A) 1000′ of 3″ Angus Red Chief Rubber Jacket Hose $3,853.00.
B) 1 — Gated Suction Y
C) 1 — Butterfly Valve
D) 2 — 2 1/2″ Combination Nozzles $1,200.00

We purchased new forest fire fighting equipment consisting of:

5 — Stainless Steel Indian Pumps
6 — Council Rakes
6 — Fire Shovels
6 — Fire Axes
4 — Hazel Hoes
Total-----$653.00

We would like to greatly acknowledge the Plainfield Ladies Auxiliary for their continuing support and their donations of equipment to us of a gulligan tool and a gated Y.

In the course of a year, we had mutual aid calls to Claremont for the Old Joy Building Fire, to Lebanon for the Dr. McLeod and coverage for the A&S Office Concept Fire.

Our training efforts this year were as follows:

8 Members completed the Basic Forest Fire Control.
7 Members completed the Advance Forest Fire Control Program.

These programs were sponsored by the New Hampshire Forest Fire Service Training. Ten members attended the Fire School Sponsored by the Upper Valley Fire Fighters Association ranging in various courses in fire fighting. Fire fighters from Meriden and Plainfield departments, assisted by Captain Richard Mason of Lebanon Fire Department, put on a fire prevention program at the Plainfield School.

Many thanks to Emma Spaulding for her continued support on the Saturday night social hour.

Respectfully Submitted,
Peter A. Berry, Chief

HEADREST ANNUAL REPORT

Headrest, Inc., the Upper Valley's 24 hour, 365 day a year crisis and information hotline requests $570.00 from the town of Plainfield residents compared to Upper Valley towns, and the need for local support to maintain the service. Since 1978, Headrest has consistently received funding from several towns, including Plainfield, and this support has been vital to the hotline programs. In 1981, Headrest served Plainfield residents in the following ways:

SITUATIONS	CONTACTS
Assault/Abuse, Women	2
Alcohol	2
Caring Listener	4
Consumer	2
Counselling requested	2
Drug related	2
Energy related	1
Fuel Emergency	1
Lodging request-not used	3

TOTAL SITUATIONS	57

In 1982 we expect to see increasing numbers of people in distress, and fewer federally subsidized services. Headrest will work to immediately support individuals and families, and to find a variety of resources—including agencies, support groups, skilled individuals, or organizations—who can assist townspeople coping with distress and crisis of ALL kinds.

Headrest depends on much local support, including many volunteer hours. regular training sessions are offered in suicide, alcohol, and drug abuse prevention; crisis counselling; local resources; domestic violence (including child and spouse abuse); and supplementary sessions for ongoing volunteers.

Special programs in conjunction with the hotline and training include: alcohol crisis intervention with trained Emergency Medical Technicians supervising, Winter Housing Emergency Network 24 hour back-up for fuel emergencies, drug abuse counselling, and temporary housing and housing referrals.

Money appropriated for Headrest will help support the hotline, help us train volunteers, keep our resource file complete and updated, and publicize the availability of the hotline, so that everyone may benefit.

Anyone who has a problem, or a friend or family member with a problem, may call 448-4400, day or night, any day of the year. Many services are closed at night or on weekends, or may require an appointment or waiting period. Headrest cannot solve all of people's problems, but often the sound of a caring human voice at the time of crisis carries the person through. When appropriate, the caller will be directed toward longer-term assistance, be it mental health, fuel assistance, alcohol counselling, a support group, day care, housing, etc. Calls are anonymous and confidential.

MERIDEN VOLUNTEER FIRE DEPARTMENT
1981 ANNUAL REPORT

The Meriden Volunteer Fire Department was called out 34 times during the last 12 months, down 6 from last years record 40 calls.

We had no serious fire losses in the town; a credit to townspeople and various fire prevention activities.

In addition to our duties in town, other calls involved Mutual Aid on the 3rd alarm at A&S Office Equipment fire and sending Meriden's tanker to Dr. McLeod's fire in Lebanon. In Claremont we assisted at a barn fire and we spent 12 hours at the Joy fire. Meriden is part of a strong and effective Mutual Aid System.

Regular training sessions were held Monday evenings throughout the year. A new gas engine was purchased for our tanker and a midship pump was installed at a cost of close to $5,000. Much of the money for this updating was raised by a successful October 4th auctioning of items donated by townspeople.

We would again, like to thank the townspeople for their support and donations.

Special thanks to the officers, the firefighters and their families, the Ladies' Auxiliary and the KUA Fire Squad.

Chief

CORNISH RESCUE SQUAD, INC.
1981 ANNUAL REPORT

1981 completes our eighth year of service with 22 members, all of which are Emergency Medical Technicians (E.M.T.). This past year has seen an increase of 20% in the number of calls the Squad responded to. We had a total of 120 calls. Fifty-seven were medical emergencies in the home, 14 were auto accidents, most with some kind of injuries, 30 were coverage at fires as well as provide lighting when needed. The balance of the calls were parades, fairs, (43 treated at Cornish Fair) and mutual aid to Claremont and Windsor.

Our expenses for the year were approx. $5000 with $1500 being received from the town of Cornish and $1500 being received from the town of Plainfield. Fortunately we were able to hold our expenses down and will try to do the same for the coming year.

As most of you know, the Cornish Rescue Squad started a Building Fund campaign to build a "Rescue Shed" to house our vehicle, equipment and give us a place for training and meetings. We have reached about the three-quarter mark and have taken a lease on a piece of land on Rt. 120 near Sullivan's Sugar House. As soon as we see ground again we hope to start building.

We would like to take this opportunity to thank all those who have helped make this project possible.

As always we continue to reach the highest level of emergency medical care for our patients.

Respectfully Submitted,
Dale F. Rook, President

PLAINFIELD VILLAGE WATER DISTRICT
CLERK'S REPORT

At the sixteenth annual meeting of the Plainfield Village Water District held in the Philip Read Memorial Library located in said Plainfield Village Water District on the Twenty-fourth day of March 1981, at 7:30 p.m., the articles in the Plainfield Village District Warrant were disposed of in the following manner.

The meeting was called or order by Wallace Pickering, Moderator at 7:32 p.m. and read the articles of the Warrant.

ARTICLE l. Wallace Pickering offered the following resolution that the officers stand as previous year but James Crary declined. Paul Amidon amended the resolution and moved its adoption.

Resolved: To choose necessary District Officers for the ensuing year or otherwise as the law directs:

1. a moderator for one year - Wallace Pickering
2. a clerk for one year - Elaine Wheeler
3. a treasurer for one year - Elaine Wheeler
4 a commissioner for three years - Peter Haubrich. If Mr. Haubrich declines the two commissioners have a two-week time in which to find a third commissioner, and if not, they can then consult with the selectmen and the Farmers Home Administration for advise.
5. other officers and agents the voters judge necessay for Managing District affairs, or as directed by law to be chosen.

It was voted in the affirmative and it was so declared.

ARTICLE 2. Paul Amidon offered the following resolution and it was moved and seconded that it be adopted.

Resolved: To raise and appropriate $10,498.00 or such sums of money as may be necessary to defray District costs for 1981, and any assignments to debt service and/or capital reserve.

It was voted in the affirmative and it was so declared.

ARTICLE 3. James Crary offered the following resolution and it was moved and seconded that it be adopted:

Resolved: That the District officers salaries remain as previous year, and to establish expenditures in 1981 by and for the District, to be paid by the Treasurer upon authorizations by the Commissioners.

It was voted in the affirmative and it was so declared.

ARTICLE 4. Leonard Koehler offered the following resolution and it was moved and seconded that it be adopted:

Resolved: That the District accept the reports of the District officers as corrected.

It was voted in the affirmative and it was so declared.

ARTICLE 5. Elaine Wheeler offered the following resolution and it was moved and seconded that it be adopted:

Resolved: That the District has the authority to transfer $1500 from current operating income and transfer it to Capital Reserve account.

It was voted in the affirmative and so declared.

ARTICLE 6. George Adams offered the following resolution and it was moved and seconded that it be adopted:

Resolved: The District aurthorized the commissioners to withdraw no more than $10,000 dollars from the Capital Reserve account for covering the expense of a new well.

The vote was in the affirmative after great discussion and it was so declared.

ARTICLE 7. Paul Amidon expressed appreciation to the District officers for the good job being done. Wallace Pickering requested that a letter be sent to each fire department dealing with mutual aid to remind them about our hydrants service. Eleaine Wheeler offered the following resolution and it was moved and seconded that it be adopted:
Resolved: That the District express thanks to James Crary for his three years of service to the District.
It was so declared.
Paul Amidon made the motion that the meeting stand adjourned. It was seconded and voted in the affirmative.

PLAINFIELD VILLAGE WATER DISTRICT
1981 ANNUAL REPORT OF COMMISSIONERS

To the Plainfield residents and the Plainfield Village Water District users.

Our pumps were down less than average this year. We attribute this to the fact that the ground water level was better.

Our water samples sent to the state laboratory continue to be very good. We maintain the required free chlorine with minor "meter pump" changes.

We are working on the development of an additional well. However, cost has been a major factor in the hold up. We have had some encouraging contacts with well drillers recently and expect to see some progress soon.

PLAINFIELD SCHOOL DISTRICT
1980-81 PRINCIPAL'S REPORT

Conservation of energy has been an active theme in our activities at the Plainfield School. The teachers and students are becoming aware of energy saving techniques. The School Board had an energy audit taken in April, and it is working on implementation. The new roof with added insulation has contributed greatly in reducing our fuel oil consumption.

We reorganized our social studies curriculum for grades three and four, and reviewed the total mathematics and language art programs to comply with New Hampshire Accountability guidelines. This meant that more local and state history, government, and geography is taught in the lower elementary. It also meant that we were ready to begin our first accountability testing and curriculum development work. Anyone interested in learning more about our findings may contact me at school.

Funds from the Meriden Bird Club and Mericrafters enabled us to purchase several books and films on nature study for the library. They also engaged speakers, conducted field trips and provided classroom instruction, coordinated by Peg Meyette, President of Meriden Bird Club.

We welcome community involvement in our school and wish to give special thanks to all volunteers who gave their assistance to the teachers.

PLAINFIELD SCHOOL DISTRICT
SCHOOL NURSE'S REPORT

During the school year 1980-81, all 215 students were screened for vision, hearing, nutrition (height-weight) and dental needs. Eleven children were referred for vision problems while ten were seen by family doctors for hearing difficulties. The nurse consulted with six students regarding nutritional needs, principally for obesity.

In the last five years the problem of severe dental caries has drastically diminished. Students have a better understanding of prevention and families seem more alert to the needs of prompt treatment. The school-state dental program supplied nine students with care and thirteen others were referred to family dentists.

Additionally, 112 pupils in grades 5-8 were screened by measuring blood pressure, one was referred for follow-up. These same students were also checked for scoliosis, a problem that appears frequently at adolescence, and three needed further study.

Our school physician completed sports physicals on 54 students, finding them healthy. Twenty-two other children had their required sports physical done by family physicians.

The school health office cared for 79 injuries with first aid, eight of which needed medical care. Out of 136 children complaining of illness, 99 were sent home.

Conferences are a large part of the health program. The nurse saw school personnel on 306 occasions and parents on 18 in regards to health or emotional needs of students. Two home visits were made to families.

The nurse is responsible for obtaining and maintaining all health and immunization records and planning and implementing pre-school screenings done in preparation for school entry. Health Education is also carried out either by direct teaching or as a resource to teachers who then do the teaching.

Because of the rural nature of our community our students clearly benefit from our health program and care.
